CAREER OBJECTIVE

Detail-oriented B.Tech Computer Science student with hands-on full-stack development experience building scalable, secure, and responsive web applications using PHP, JavaScript, MySQL and modern frontend technologies.

INTERNSHIPS

Web Developer Intern - Navodita Infotech | (Remote)

August 2025 - September 2025

- Developed a full-stack event sharing website, integrating a secure PHP-MySQL backend with a highly responsive UI.
- Successfully managed live deployment and real-time debugging to ensure seamless performance.

Python Application Development Intern - IITM | (Office/Remote)

November 2022 - December 2022

- Built robust desktop applications implementing advanced automation, file handling mechanisms, and data validation rules.

Python Intern - CodexIntern | (Remote)

4 Weeks

- Developed foundational mini-projects that strengthened comprehensive problem-solving and systematic source code debugging.

PROJECTS

College Management System

Technologies: C#, MySQL

- Developed an end-to-end management architecture comprising automated attendance tracking, assignments distribution, and robust marks evaluation modules.

Book My Event (Web Application)

Technologies: PHP, MySQL

- Engineered a fully responsive event booking platform featuring live production deployment and an intuitive web UI.

NotesHub — File Sharing Platform

Technologies: PHP, MySQL, JavaScript

- Designed and deployed a secure file upload/download system integrating custom user authentication workflows and responsive interface styling.

Online Test Portal

Technologies: C#, SQL Server

- Built an execution-safe web testing framework equipped with strict login-based access thresholds and instant auto-evaluation processing engine backend.

TECHNICAL SKILLS

Programming Languages: JavaScript, PHP, Python, Java, C#

Web Technologies: HTML5, CSS3, Bootstrap, Node.js (Learning), Responsive Design, REST APIs

Databases: MySQL, SQL Server

Tools & Platforms: Git, GitHub, VS Code, Visual Studio, Object-Oriented Programming (OOP), Authentication

SOFT SKILLS

Team Leadership, Problem Solving, Analytical Thinking, Time Management, Collaboration, Willingness to Learn

EDUCATION

B Tech in Computer Science & Engineering, Siliguri Institute of Technology

(2024 - current)

Diploma in Computer Science & Technology, Darjeeling Polytechnic

(2021 - 2024) | CGPA: 7.6

Key Subjects: Object-Oriented Programming (OOP), Relational Databases (DBMS), Web Development, Software Engineering, Data Structures

CERTIFICATIONS & ACHIEVEMENTS

- **Team Leader – Smart India Hackathon (SIH) 2025**
- Top 25% Finisher – National ECG Java Challenge
- Meta Front-End Development Professional Certificate
- Google Git & GitHub Course Certification
- Microsoft Python Programming & Internshala Web Development Certification
- Multiple full-stack web platforms successfully deployed to live production environments

HOBBIES

Sketching & Drawing, Playing Chess
